PROJECTS

Pet Tracker
Technologies used: Arduino • C++ • Firebase • HTML • CSS • Bootstrap • REST API
- I created a GPS device for pets(dog and cat) from scratch using an Arduino Nano and other IOT components such as NEO-M8N and SIM800L Modules, programmed to send GPS coordinates to Firebase via REST API integration. Additionally, I created a dedicated download web page for easy access to our own developed mobile application.

SelfDevProg Website
Technologies used: Next.js • Typescript • Sanity.io • Tailwindcss • REST API
- Designed and developed a website focused on promoting self-development activities, featuring tools to support personal growth, goal setting, and productivity. Implemented interactive elements and user-friendly navigation to enhance user engagement.

Typetype Website
Technologies used: MongoDB • Express.js • REACT.js • Node.js • Tailwindcss • Firebase • REST API
- I designed and developed a speed-typing web application that enhances both typing speed and memorization skills, using MERN(MongoDB, Express.js, React.js, Node.js) stack.

PROFESSIONAL EXPERIENCE

Simplevia Technologies Inc.   **January 2025 - May 2025, Remote**
Role: Front-End Developer
- Collaborated with a team to create, debug, and implement a dynamic web page using the Vue.js framework, integrating it with a MySQL database on the back end. Contributed to both front-end functionality and troubleshooting efforts to ensure a smooth, data-driven user experience.

EDUCATION

Bulacan State University   **2021 - 2025**
Bachelor of Science in Information Technology
- ITDS Research Summit 2024

SKILLS

- **Languages:** HTML, CSS, JavaScript, TypeScript, Node.js, Express.js
- **Frameworks & Libraries:** React.js, Vue.js, Next.js, Redux,Tailwindcss, Bootstrap
- **Version Control:** Git, Github
- **Other Technologies:** Firebase, Sanity.io, REST-ful API, Google OAuth, MongoDB

CERTIFICATIONS

- **JavaScript Algorithms and Data Structures**
  freeCodeCamp | Dec 2024

- **Responsive Web Design**
  freeCodeCamp | Dec 2024

- **JavaScript Essentials 1**
  Cisco | Jul 2025

- **Problem Solving (Basic) Certificate**
  HackerRank | Aug 2025
